# The Jackson Laboratory Archives: Complete inventory

The Archives were established in 1996, and contain three collections:

- The Jackson Laboratory Archive,
- Personal Papers Collection,
- Media and Museum Collection.

NOTE: The following inventory contains a list of Record Groups, description and date of the material, and a box and folder location. Individual items and collections are added to the inventory as they are received, sometimes creating a non-alphabetical and non-chronological order.
